The world still reels under the pandemic! It continues to spread in newer forms bringing newer shocks and fears, yet we have become conquerors in some way. We have learnt to gird ourselves and wear a brave face, and exhibit a hopeful look amidst the horrendous and dreadful pandemic that has thrown millions off the track, leaving behind misery and pain, poverty and hunger. We have learnt to adjust to the new normal - wearing a mask in public places, staying indoors more than before, avoiding unnecessary travel, evading parties and celebrations, etc. We have learnt to be happy with the minimum and to be comfortable even with the discomforts! We also have learnt to appreciate the goodness that the pandemic has brought into our families – bridging the gap we have stayed together, prayed and dined together, celebrated life together. We have realized that the lockdown periods have kept our skies and seas clean and maintained our mother earth and plants green.

Yes, Covid -19 has taught us to count the blessings. It has taught us to rise higher and think broader. It has challenged us to think beyond and bounce back with a new mind-set. It reminds me of what Charles Darwin said, “It is neither the strongest of the species that survives, nor the most intelligent, it is the one that is most adaptable to change.” Adaptation to change happens when there is a change of attitude, change of mind-set - from pessimism to optimism, from despair to hope, from negative to positive. When a mental-shift takes place, new horizon dawns. It is beautifully summarised through an analogy between a honeybee and a fly. A honeybee flies from flower to flower, extracting only the nectar without disturbing the flower. The mind-set of a honeybee is to seek the essence of each flower, even in a place filled with garbage. Rather than giving its attention to all the filth, the honeybee keeps its focus on finding the nectar. It eagerly flies to even a single flower amidst miles and miles of garbage. On the other hand, the fly will focus on sucking an infectious scab. The fly will travel over hundreds of flowers, but will focus on tasting garbage and excrement. It ignores the sweet fragrance of the rose gardens and even in the best of circumstances, and in the tidiest places, the fly will focus on garbage and trash.

The honeybee is teaching us the art of focusing on the positive and on dealing appropriately with the adversities in life. There will be struggles everywhere and pain all the time. There will never be shortage of things to complain about but just as the honeybee seeks nectar even in the most unexpected of places, we can aim to seek the positive side of life and count the blessings and not the misery. On the other hand, the fly represents the mind-set of those ignoring the blessings focus on complaints. It is easy; it requires no effort to see the flaws and misfortunes.

Let there be a shift within us, a shift from the negative to the positive, from death to life as we move on to the New Year 2021! Let us cast our cares, worries in the hands of the Almighty God, and hear him say, “Those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint.” (Isaiah 40:31). I wish and pray that the year 2021 keeps our Management, staff, students, parents and well-wishers healthy and safe.

Please accept my sincere congratulations for extending your whole-hearted cooperation during the awful pandemic and keeping our students engaged through online teaching adorned with creativity and innovation. May God bless you!

Service to the Migrants during COVID -19

At the wake of corona virus, the poor and the marginalized communities were the worst hit during the locked down period as many had lost their jobs and struggled to make both ends meet. The only respite even for a daily meal at such odd situation was the generosity of the kind-hearted people. In such trying moments a few good hearted parents and members of PTA executive committee of St Theresa's School, Bendur, came forward to reach out to around 75 families of the migrant workers and distributed to them

the ration kits that contained basic food essentials for a week. Thanks to the generosity of our parents who thought about the needy, although they themselves were into low economic web.

Creativity kept intact during Pandemic

All books and no creativity will make a Bethanite a dull student - so a series of activities were planned for our students of class II from July 2020 to October 2020. The students prepared greeting cards on Foundation Day in the month of July. The tiny hands and minds worked together to show forth a display of lovely cards using different decorative materials like lace, bindis, small beads, colours, even pulses and grains.

In the month of August, the same little hands made creative and artistic rakhis with whatever material they could avail

during the pandemic. Once again, the same kids participated in Rangoli competition in the month of October.

The parents were too happy to encourage their wards to participate in various events and sent photos of their kids connected to the programmes related to school during pandemic. Our rising stars of Bethany Convent School are definitely going to add colour to the world.

My Small Green Efforts Bore Rich Fruit

Our easy lifestyle has silently distanced us from Mother Nature. However, Mother Nature evolved its own way when life came to a standstill. The realization of what we have lost, haunts us. This summer one lockdown day, as I was about to throw the vegetables and fruits peels - a soft whisper, 'Please do not throw me' pricked me. Passion revived and the journey of composting started. All my kitchen waste started disappearing and changing to black gold - a supertonic for my green friends. My bin remains almost empty

as my mind races to use all waste - plastic wrappers are being used for making eco-bricks.

We talk about sustainable development, eco-friendly industries. Why not eco-friendly homes where Mother Nature smiles and shines on rooftops creating rooftop gardens? My success at home motivated me to create a Whatsapp group GREEN THUMB. There are 185 members growing their own vegetables - some of them composting as well. My efforts recognized by Ludhiana Municipal Corporation awarded me with a Certificate of Clean Card. My joy is manifold, as my school became the first rank recipient in the Swachhta Competition on various parameters of sanitation and waste management in Ludhiana.

Green roof is a visual delight, maintains positivity and moderates temperature cutting down electricity bill. My mission continues to convert every roof of Ludhiana - a Green Roof.

The BES Management congratulates heartily Mrs Rita for her the innovative ways of conserving nature. Kudos to her!

School Goes Online to Beat the Pandemic

The online classes organized by St Paul's Higher Secondary School, Thenhipalam, Kerala have virtually beaten the panic created by the pandemic COVID-19. The concerted effort of the management and the staff have virtually converted the homes of the students into class room where the routine activities of the class room go unmarred. The school went online on the re-opening day itself with regular timetable including all the subjects that were taught in the school. The classes organized in zoom and Google meet platforms kept the teachers and students busy like any other working day. Regular home works, notes, correction, handwriting practices, crafts education, physical training etc. kept the students busy except for a single difference – they were not in the school.

Deep appreciation and thanks were showered on the school and the teachers by a truly contented parent community for this dedicated venture that eased their tension which would otherwise mount up, had the children been left alone at home. The keen interest and close follow up of the Principal Sr Alphonsa Joseph BS kept the teachers and students busy conducting assemblies, onam, Christmas, Children's day and teachers day celebrations apart from the usual classes. Regular tests conducted on each subject also helped the parents and teachers to assess the performance of the students. Our hearts rise in profuse thanks to the Almighty for helping us to maintain the momentum of our proud academic legacy.

ದಿನಾಂಕ 21.11.2020 ಶನಿವಾರದಂದು ಬೆಳಿಗ್ಗೆ 10.30 ಗಂಟೆಗೆ ಶಿಶುವಿಹಾರ ಹಾಗೂ ಬೆಂಧನಿ ಪ್ರೌಢ ಶಾಲೆಯ ಆವರಣದಲ್ಲಿ, ರಾಷ್ಟ್ರೀಯ ಏಕತಾ ಸಪ್ತಾಹ ಅಂಗವಾಗಿ 'ಭಾಷಾ ಸೌಹಾರ್ದತಾ ದಿನ'ವನ್ನು ಆಚರಿಸಲಾಯಿತು.

ಈ ಕಾರ್ಯಕ್ರಮವನ್ನು ಹಿರಿಯ ಸಿವಿಲ್ ನ್ಯಾಯಾಧೀಶರಾದ ಮಾನ್ಯ ಶ್ರೀ ಮಹ್ಮದ ವೂಯಿ ನುದ್ದೀನ್ ರವರು ಉದ್ಘಾಟಿಸಿ, ಮಾತನಾಡಿದರು. ಪ್ರತಿಯೊಬ್ಬರಿಗೂ ತನ್ನ ಭಾಷೆಯ ಬಗ್ಗೆ ಅಭಿಮಾನ ಇರಬೇಕು ದುರಾಭಿಮಾನ ಅಲ್ಲ. ಈ ನಿಟ್ಟಿನಲ್ಲಿ ಎಲ್ಲ ಭಾಷೆಗಳನ್ನು ಗೌರವಿಸುವ ಮನೋಭಾವ ಬೆಳೆಸಿಕೊಳ್ಳಬೇಕು. ಭಾಷೆ ಅಂದರೆ ಸಂವಹನ, ಪ್ರತಿಯೊಬ್ಬರಿಗೂ ಯಶಸ್ವಿ ಸಂವಹನಕ್ಕಾಗಿ ಒಂದಲ್ಲ

ಒಂದು ಭಾಷೆಯ ಅಗತ್ಯವಿದೆ ಎಂಬ ಕಿವಿ ಮಾತು ಹೇಳಿದರು.

ಉಪನ್ಯಾಸಕರಾಗಿ ಆಗಮಿಸಿದ ಮಾನ್ಯ ಶ್ರೀ ಸಿದ್ದಲಿಂಗ ಬಾಳಿ ಅವರು ಮಾತನಾಡಿ ನಮ್ಮ ದೇಶವು ವಿವಿಧ ಸಂಸ್ಕೃತಿ, ಆಚರಣೆ, ಜಾತಿ, ಧರ್ಮಗಳನ್ನು ಹೊಂದಿದೆ. ನಮ್ಮ ದೇಶದಲ್ಲಿ ನೂರಾರು ಭಾಷೆಗಳು, ಹಬ್ಬ, ಹರಿದಿನಗಳಿವೆ. ಸಂಸ್ಕೃತಿ, ಆಚರಣೆ ಬೇರೆಯಾದರೂ ನಾವೆಲ್ಲರೂ ಒಂದೇ ಎನ್ನುವ ಮನೋಭಾವ ಮೂಡಬೇಕು.

ಕಾರ್ಯಕ್ರಮದ ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿದ ಕ್ಷೇತ್ರ ಶಿಕ್ಷಣಾಧಿಕಾರಿಗಳಾದ ಶ್ರೀ ಸಿದ್ದವೀರಯ್ಯ ರುದ್ರೂರವರು ಮಾತನಾಡುತ್ತಾ, ಗುರುಗಳು ಮಕ್ಕಳಿಗೆ ಕೇವಲ ಪುಸ್ತಕದ ವಿಷಯವನ್ನು ಅಭ್ಯಸಿಸದೆ ಪ್ರಜಾಸತ್ತಾತ್ಮಕ ತತ್ವಗಳ ಅಡಿಯಲ್ಲಿ ವಿಷಯ ಪ್ರಸ್ತಾಪಿಸಿದಾಗ ಮಾತ್ರ ನಿಜವಾಗಿ, ನಿಜವಾದ ಪ್ರಜಾಸತ್ತಾತ್ಮಕತೆ ಉಳಿಸಲು ಸಾಧ್ಯ. Our Constitution is written on the basis of equity not equality ಎಂಬ ವಿಷಯವನ್ನು ವಿವರಿಸಿದರು. ಸಹಾಯಕ ಸರಕಾರಿ ಅಭಿಯೋಜಕಿ ಶ್ರೀಮತಿ ಅಂಜನಾದೇವಿ ಆರ್. ವಕೀಲರ ಸಂಘದ ಉಪಾಧ್ಯಕ್ಷೆ ಶ್ರೀಮತಿ ಮಂಜುಳಾ ಸರಡಗಿ, ಹಾಗೂ ಬೆಥನಿ ಪ್ರೌಢ ಶಾಲೆಯ ಮುಖ್ಯ ಗುರುಗಳಾದ ಸಿ. ಕವಿತಾ ಇವರುಗಳು ಮುಖ್ಯ ಅತಿಥಿಗಳಾಗಿ ಆಗಮಿಸಿ ಕಾರ್ಯಕ್ರಮಕ್ಕೆ ಶೋಭೆಯನ್ನು ತಂದರು.

Fr Raymond FC Mascarenhas: A Forerunner of Millennium Development Goals

The forward progress of every great human endeavour has come about through the work of a pioneer. In the sphere of education, we celebrate Helen Keller and her reforms in the teaching of the disabled children. In social action, we worship Mother Teresa for her works in the slums of Kolkata. In the world of race relations, we remember the words and examples of Dr Martin Luther King. When it comes to space exploration, we revere Neil Armstrong and his 'one small step.' All these people were pioneers.

Pioneers are those who venture into the unknown territories. They lead the way for others. Raymond Francis Camillus Mascarenhas was one of them. He was a forerunner of the Millennium Development Goals.

The Millennium Development Goals are eight international development goals that were established following the 'Millennium Summit' of United Nations in 2000. These goals were intended to increase 'human capabilities'. All UN Members and 23 organizations are committed to achieve the following goals:

1. To eradicate extreme poverty and hunger;
2. To achieve universal primary education;
3. To promote gender equality and empower women;
4. To reduce child mortality;
5. To improve maternal health;
6. To combat HIV/AIDS, malaria and other diseases;
7. To ensure environmental sustainability;
8. To develop a global partnership for development;

These goals placed emphasis on three areas:

- a) Human capital (nutrition, health care, education),
- b) Infrastructure
- c) Human Rights (social, economic and political), with the intent of increasing living standards

Birth and Vocation

Fr Raymond was born on January 23, 1875 to Lazarus and Joanna Mascarenhas in a devout Catholic family. At 16, he entered St Joseph Seminary, Mangalore. He was ordained a priest on March 4, 1900. As a priest, he was convinced that emancipation of the poor and women would come only through education. In 1914, he was appointed the first parish priest of St Sebastian Church, Bendur, Mangalore. Soon, he set up St Sebastian School in a small warehouse. He even set up St Martha Industrial School in Bethany premises. Other schools started by him were St Margaret Mary's at Bendur and St Joseph's at Kankanady. This was his early contribution towards achieving universal primary education way back in 1921 a millennium development goal which we are discussing in the 21 century.

Founding of Bethany

Fr Raymond was deeply pained to see the distress of many young women who could not get entry into the then existing religious Congregations. Therefore, on July 16, 1921, he founded the Congregation of the Sisters of the Little Flower of Bethany. It helped in three ways:

- a) Providing education for the poor especially for girls
- b) Providing opportunity for girls
- c) Providing good, dedicated, qualified permanent teachers to teach in schools.

Since then, the Bethany Educational Society has been imparting education to bring fullness of life for all especially to the poor, the marginalized and the girl child. This was yet another indicator of his vision to help achieve the millennium development goal "to promote gender equality and to empower women."

Retired life (1941-1955)

Though retired in name, he directed Bethany Congregation to new mission territories of Goa, Belgaum, Calicut and Mysore. In all these areas, Bethany Sisters involved themselves in social and educational activities. Great emphasis was laid on education of poor girls. However, the discriminatory attitude and gender biases stood in their way of making progress. But Raymond was a man of action. He knew that to fight evil one must tread the path of education. Today due to the dedication and selfless services of this great man in founding 'Bethany Congregation', it has reached the remotest corners of India and some parts of Europe and Africa too. It is as if, his activities have been translated into the development goals.

Voyage to Eternal Home (1960)

SD Raymond left for his eternal home peacefully on December 23, 1960 and was buried at St Sebastian Church, Mangalore. "When a light is lit it cannot be held within a short range. It is for the whole world." Msgr Raymond has lit the light to subdue the evil of illiteracy. The beams of this light have spread to all parts of our country and to the continents of Europe and Africa.

The work begun and established by the Servant of God Raymond FC Mascarenhas is and will continue to be a continual canticle of praise until the end of time. He was in all respects, a Forerunner of the Millennium Development Goals.
