EDITORIAL

Dear Friends,

The popular saying, "Well begun is half done", is indeed very relevant in the context of completing the first quarter of our academic year 2023-24 in this much-awaited Platinum Jubilee year of Bethany Educational Society. There is a visible wave of excitement and celebration in all our institutions. The daily prayer recited for the Platinum Jubilee, Province-wise Platinum Jubilee celebrations, and much more, have created enthusiasm and put everyone in a festive mood.

It is indeed fascinating to note that our schools have performed remarkably well in the Board Examinations. The teachers have sacrificed their time and energy for their students. Keeping their hopes high, the students with hard work and persevering efforts have propelled themselves up the ladder of success. Our students leaving the portals of their Alma Mater are equipped with the vision, goals, and core values of Bethany Educational Society which will enable them to build their future with a newfound confidence and conviction.

A few lines from the Poem by M. Tarun Prasad, read as follows:

Don't give up on your dreams; chase them instead;
You will find, one morning, as you wake up from bed,
That you are the person about whom you dreamed,
And you can reach great heights, impossible though it seemed.

When things go wrong and your back is to the wall,
Try to stand up; no more can you fall.
Life is full of ups and downs; take them in your stride.

As these verses suggest, direct your hopes and efforts to achieve the goals set for this academic year. I am quite confident that with the courage of your conviction, you will certainly reach your goals and position yourselves on your rightful destination in life.

I thank Sr Roselyta BS on behalf of the Bethany Educational Society[®] Mangalore for her dedicated and valuable services as a treasurer of BES for the past six years. BES remains ever grateful to you dear Sr Roselyta for your diligent services, loyalty, commitment and hard work.

May God bless you in your future mission.

We heartily welcome Sr Jessie Leena BS as the treasurer of Bethany Educational Society[®] Mangalore. The Management warmly welcomes you and prays for God's abundant blessings and unceasing wisdom in carrying on the ministry of temporal affairs of BES.

Educational – cum – Adventure Tour to Chail

Educational tours for students are a great learning opportunity away from the confines of a secure school environment. This open classroom was 'Hail Himalayas' Chail in Himachal Pradesh which gave the students of IX and XII Grade a first-hand experience staying in the lap of nature for three days and two nights.

Students enjoyed activities viz., trekking, rock climbing, rappelling, flying fox, valley crossing, and commando net. They understood the importance of maintaining the environment and studying the ecology with rich flora and fauna. Surviving in

minimal, staying in tents, and enjoying bare essentials was for many the first time. The hutment gave them a true insight into the people with humble economic backgrounds. The students learnt to do things themselves, from putting dishes back in proper places, carrying their luggage, making their bed, etc. DJ Party and Bonfire was a boon.

It was a learning experience for the students making new friends and memories to last a lifetime!

Staff Development Initiative

A day long orientation programme was organised on 8 July 2023 at Bethany Convent School, Naini, Prayagraj, for the development of teachers and to understand the psychological behaviour of different students with dictum - **No child to be left behind**. The resource person Fr Francis Sebastian highlighted on the importance of being a good, dedicated and sincere teacher. He gave clarification to a few questions and went on giving extensive inputs on the vocation of a teacher. Citing examples of untoward incidents, he spoke on enhancing one's commitment to their teaching vocation as an art, a passion, not a profession.

Only a passionate teacher can unfold the gifts and potentialities of the child, he said. The focus of the session was to promote change of mind set. In reality the teachers and the parents are preparing their children for traditional jobs, which is outdated. Teachers should become aware of the new winds of change and train students to be perceptive and discerning.

Through audio visuals Fr Sebastian explained the importance of a new and positive way of thinking that a strong belief, intensive practice or a change of tool could completely change the mind-set. The interesting sessions ended with thought provoking words: Come with a smile, Teach with a smile, Go back with a smile.

The participants were inspired and enthused to continue their teaching journey with a new mind-set, with a futuristic vision of dealing with students entrusted to them.

Illustrating briefly the difference between life in the past and present with many examples, he explained the expectations and the reality. The present complexity is owing to our greater dependency on technology rather than God, he said.

A Pause in life is essential, which helps us to re-evaluate our priorities, adjust our goals and discover new horizons. It allows us to restore our strength, save our life and reignite our desires. Our guide urged the teachers to inspire and encourage the next generation.

It was a great blessing for all of us to be a part of the amazing motivational programme. We had a great time as the three Bethany family teachers met for the first time. Everyone was grateful to Sr Judith for organizing such a valuable programme.

Darling of our Hearts

Words cannot picture the beauty of Loyola High School, Gadenahally, as our beloved Founder who exclaimed in his own words, 'This indeed is the work of God, the spark of God's love, the darling of our hearts.' All who have visited this grotto, young and old alike, have felt the inner beauty growing more and more upon them. This Grotto was blessed on 31 July 2023 by our parish priest Rev. Fr Moses in the presence of the entire campus.

Dance baby, dance up high, never mind baby, the Mother is nigh... is the age-old song of joy and happiness, which has become our own, as our beloved mother is very close to us on our campus. We thank God for this miraculous work completed successfully despite the hurdles. The presence of our Mother on our campus will incur untold blessings to all who enter into her portals. May all those who see and seek her may find consolation, comfort, and maternal care. May our campus be covered by the mantle of her love and compassion. Orientation Programme for Teachers

Equipping teachers to prepare for the future is of prime importance to Msgr Raymond Memorial School. Every new academic year, seminars and orientation programmes are conducted for teachers with a dual focus to improve and effectively implement innovative ideas in teaching-learning practices and to take the students beyond their current level of learning. Sr Lillis BS conducted a one-day training programme on topics, i.e., multiple intelligences, attitudes, and different skills.

Fr Joy's half-day session empowered our teachers on how to become effective teachers, which gave a new beginning for the teachers to the new academic year. Both classes guided the teachers with needed tips to teach their subjects effectively.

Together Towards Tomorrow

"The purpose of Education is to make minds, not careers." An orientation programme was held at Bethany Convent School, Kolkhe, Panvel, to enrich value-based education by enhancing the skills of teachers and by motivating them for quality education. Fr Joquim Fernandes was the resource person of the day. Based on Tony Buzan's theory of mental literacy, radiant thinking, and mind mapping, the session created new avenues toward teaching methodology. The interactive session, full of relevant group activities and games, made us engage in innovative and creative education, which is a boon for learning in the current scenario. The

session acted as a booster to start anew this academic year 2023-2024. We also feel proud that with the blessings of Almighty God and the efforts of our students, the school secured 100% Results in SCC 2022-2023. May they flourish in life.

A Visit to Founder's Cottage – the Servant of God RFC Mascarenhas

The faculty members of St Raymond's Institutions visited the residence of the Servant of God, Raymond Francis Camillus Mascarenhas, on 7 July 2023. We traversed through the Founder's Cottage, Bethany Heritage Park, and Museum. It was a haven of peace and calmness where we experienced the prayerful atmosphere, warmth of love, affection, and holiness radiating in the air. All the faculty members involved themselves in prayer and sought the blessings of the Almighty through the intercession of Fr Founder. It was a stunning experience to visit the holy place where Fr Founder lived, to watch the glimpses of his literary works, numerous photographs and artifacts

exhibited there spotlighted the multifaceted personality of a great spiritual giant of Mangalore.

Traditional Day Celebration at Bethany School, Guwahati

Bethany School is a place where diversity and inclusivity are cherished and celebrated. It was evident in the vibrant and colourful Bihu celebrated at the school on 19 May 2023. Students, faculty, and staff gathered to honour their traditions, spreading joy and harmony.

Bihu, the traditional Assamese festival, was celebrated with great enthusiasm and zeal by the students and staff. appreciated the efforts made by the teachers and the students in presenting their culture.

The celebrations were a testament to the school's commitment to diversity and inclusivity. The school fosters an environment of understanding and respect by honouring the traditions of different faiths and cultures. The students were allowed to learn about different customs and practices, promoting a sense of curiosity and openness that will serve them well in their future lives. The celebrations were also a reminder of the importance of coming together as a community and celebrating our differences. The teachers and staff did an excellent job of conveying these messages to the students, ensuring that they understood the significance of these festivals beyond the festivities.

National Wear – The Red Day

Red is more than a colour. It is powerful and scintillating. The right red dress can fire up anyone's appearance. The KG section of St Raymond School celebrated Red Day on 17 August. Jamboree Moments

“It's not luck, it's God's favour.” It was from the fullness of His grace that I had been blessed with the golden opportunity of attending the 25th World Scout Jamboree – 2023 at Saemangeum, South Korea, from 1 to 12 August 2023. The Jamboree was hosted with the theme 'Draw your Dream', and it was indeed a dream come true experience for me. It was my first ever foreign trip as well. Inexperienced and unknowledgeable, I boarded the flight and after a long journey we arrived at our destination. We had a lot to do that day, pitching up our own tents, setting up our kitchen area and a gateway with our national flag, at our sub-camp area. The

opening ceremony of the Jamboree was bright and colourful. We were filled with a sense of pride as a scouter represented all of us and waved the Indian tricolor on the huge platform of the opening ceremony. The Indian contingent was one among the 158 countries that that participated in the Jamboree.

We welcomed the guest in our traditional attire and introduced them to our rich culture by exhibiting some cultural activities such as Bharathnatyam, stick dance, playing the flute and also playing some 'desi' games such as 'kunte bille'.

We visited the Buan cinema theme park where we could explore Korean cultural buildings, Korean archery etc. We also visited the beautiful Agape garden, the Iksan city and a site where won Buddhism was explained. There were convenience stores all over the campsite to meet our requirements.

We were at the Jamboree not for a Jolly trip, but learn to 'be prepared' for any situation that may arise. The closing ceremony on the 11th was again an awesome event of the Jamboree. All the participants were over the moon as they witnessed the much awaited K-Pop concert. We headed back to our respected countries on the 12th carrying cheerful memories of a rich experience.

Direction

An Orientation programme on learning the SERVICE RULES of Bethany Educational Society was organized in the portals of Stella Maris Convent Secondary School, Narayanpur, Sultanpur for all the educators of SMC Narayanpur and SMC Civil Lines, under the guidance of the Principals Sr Roseline Clara BS and Sr Maria Nancy BS.

The day marked its special relevance with the maiden visit of Sr Christine Noronha stepping into the premises of SMC Narayanpur as the New Manager of the school and also the resource person of the day.

Sr Christine Noronha shared all-encompassing details of the service rules of the Society with the educators both at micro and macro level, with the recent amendments for the benefit of all the employees. She very patiently answered each and every query raised. Her explicit knowledge and deep insight strengthened the bond of commitment and devotion among the educators. Indeed, the orientation provided a better understanding of the vision, goal and core values too.

Mr Abhishek Dean, Asst Teacher

SERVANT OF GOD

A simple life is what he led,
Never complained about it in his head.
Not an easy life to lead was his,
That's our Founder Msgr Raymond Camillus
Mascarenhas.

A flowing white beard, this saintly man had.
With just four Sisters, a Congregation built,
And 'Apologia pro vita sua' he humbly wrote.
With a bag on his shoulders, went from home to home,
Obedience to God, his only thought.
Simplicity and Holiness is all he had,
We pray, 'Oh Lord raise this Servant of God.'
His name to flutter high, in the days to come.
We will see him shine, in people's lives
And always be the man who showed
True compassion to the end.
