Full of Dreams for 2019-20

## Editorial

After the cumbersome summer this year, the portals of our institutions are opened again to welcome the academic year 2019-20 with much excitement and exuberance. I am sure that the Heads of the institutions are adequately equipped and teachers are sufficiently oriented to make the journey of our students smooth and pleasant who are stepping into the year with great expectations and deep aspirations. At this juncture it is to be remembered that our task as the educators is to lead them towards fullness of life that can transform them to be great, noble, honourable, and upright citizens of India.

When Pope Francis met the students and teachers from Italian and Albanian Jesuit schools in Rome in June 2013, he said, "May I speak directly for a moment to our educators – Jesuits, teachers, school staff and parents? Do not be discouraged by the difficulties that the educational challenge presents. Educating is not a job but an attitude. It is a way of being. To educate well, we need to step out of ourselves and be among young people, to accompany them in the stages of their growth, placing ourselves at their side. Give them hope, and confidence for their journey in the world. Teach them to see the beauty and the goodness of creation and of humanity, which always retains the imprint of the Creator. Most importantly, be witnesses with your lives. Educators convey knowledge and values with their words but they make a difference when they back up words with their personal example; that is with the coherence of their life. Without this coherence, it is not possible to educate."

Pope Francis reminds us, the educators, to walk the talk which is far more impressive than communicating in thousand words. So let us guard ourselves from anti-values that corrode us and focus on to inculcate in among students a sense of humanism, a that fosters universal brotherhood and sisterhood. Let us ignite fire within them to promote life and uphold what is good in spite of the opposing forces around. Let us interiorly strengthen them to challenge the erroneous doctrines and false ideologies that abound all over. This will certainly result in producing human beings of integrity and value, honesty and veracity, truth and righteousness who can walk with their heads high. If this is not given then months/years in our institution are a mere waste. That reminds me of an anecdote.

One day an astrologer and a doctor were going with a fisherman on a boat in the sea. While moving ahead, the astrologer showing the skies asked the fisherman, "Do you know anything about the sun, the moon, the stars and how they work in coordination?" His simple answer was "No, I don't know". Then the astrologer remarked, "Half of your life is a waste". Then it was the turn of the doctor. He asked the fisherman, "My dear friend, do you know anything about Biochemistry, how your body functions, and its anatomy?" He humbly replied "No, I don't know." With frustration the doctor said, "Oh my God, half of your life is a waste". Just then a strong breeze blew and the boat began to sink and then the fisherman asked both of them, the doctor and the astrologer "Sir, do you know swimming?" They replied "No, we don't know". The fisherman said "Your entire life is a waste".

Dear friends, if we impart all sorts of knowledge and teach all types of skills to our students but fail to teach them the art of living, the art of swimming/coping with life amidst tempest and storms, then we have failed to offer them the essence/core of education. Let this be our endeavour as we go along!

I pray God's blessings on all of you and wish you well.

## IMAX Trains KG Teachers

IMAX Teachers' Training Programme was held for the KG teachers of St Theresa's School, Bendur, Mangalore on 4 April 2019. Mr Hinesh Shankar, Programme Success Manager of IMAX spoke on IMAX curriculum based on internationally recommended multiple training pathways. The training included, Early Childhood Care Education (ECCE), planning, teaching and assessment. The aim of this programme was to provide teachers with transactional tips and students with a conducive environment for learning. It was also meant to encourage them to think and learn through various senses, improve interpersonal communication, develop problem-solving skills etc. The pedagogical principles and concepts based on the early childhood educational framework were also expounded during the sessions. Truly, it was a special day of great learning.

## Experience is the Best Teacher

“You revel in your own complacency Ravi Kant Verma” – this statement was true in my case till I was given the opportunity to take eleven student Scouts to Tara Devi for a State Level Bharat Guides and Scouts Camp in the first week of May. The three day camp has truly transformed me.

My Scout boys were prepared from day one – each adapted so easily and quickly to the morning wake up bells, setting of beds, cold water

bath, physical drills, simple food and zero comfort of their homes. The BES values were practiced by the students during the 5km track. All of them contributed generously to serve and share with others. It was an amazing experience to see 700 student Scouts making a human chain on the Shimla Highway without creating any chaos on the road despite the winding and dangerous roads. Another amazing thing was that none of them complained or grumbled; rather, enjoyed the adventurous experience.

I returned with a set of eleven happy responsible boys who are prepared and determined to be independent and do their work themselves at home. The motivation from the Principal to be the Scouts Master has taught me to be prepared for any challenge, any work and any moment. Mighty thanks to her.

### **Institution day with a blend of Science and Handicraft Exhibition**

1 May 2019 was made memorable at St Joseph Hr Sec School, Viswema, as the Josephite family celebrated the Institution Day. Cultural morning was organized by the students with colourful dances, and vocals. The parents and invitees were present to mark the event.

With a view to promote scientific temper among budding young Josephites, the school organized Science and Handicraft Exhibition on the same day. The students exhibited various science experiments and working models.

The handicraft exhibition contained variety of charts, working models based on eco-friendly environment, cultural attires etc. It was a good opportunity for the students to unearth hidden talents and exhibit expertise in the science and handicraft field. The parents witnessed their creative work done with the help of their class/subject teachers. Students themselves experienced great joy and had a sense of wonder to the work of their hands. The day provided them with a platform to display their creative and scientific mind.

## Bethany Shanthi Nilaya Convent, Humnabad, Bidar

Bethany Shanthi Nilaya Convent is in Bidar situated in the North-Eastern part of Karnataka. The land was purchased in 1995 during the tenure of Sr Agnella, the then Superior General. The community was erected on 12 November 2001 and blessed by Rt. Rev. Dr Aloysius Paul D'Souza, the then Bishop of Mangalore as the mission was under Mangalore Diocese and now it is under

Gulberga Diocese. The pioneering sisters of the community were Sr Lucian, Sr Florita, and Sr Fidelis. The house was affiliated to Bethany Seva Ashram, Jalsangi until the canonical erection of the community that took place on 5 June 2003 by Sr Lillis the Assistant Superior General in the presence of Sr Inviolata Provincial Superior of Mangalore Province. Sr Agnesia was appointed as the first Superior of the Convent.

The Convent is situated on the National Highway to Hyderabad, one km away from Humnabad city. The main mission is to serve the poor and the marginalized and spread the good news through pastoral, educational and social apostolate. At present there are six sisters - Sr Zeena (Superior), Sr Bertina, Sr Precilla Prema, Sr Florine Jyothi, Sr Jyothi Galbao and Sr Sarita; they are actively involved in the above-mentioned ministries and share the compassionate love with everyone who enter the campus.

### Shanthi Kiran Technical Institute

Humnabad though a city in the district of Bidar, is deprived of quality education. Though there are many prestigious institutions, they cater to the richer classes and demand large amount of donation. Hundreds of youth face diverse problems like poverty, illiteracy, unemployment, malnutrition, drought etc. The girls in villages discontinue their studies due to poverty. In order to provide job opportunities for the rural youth especially girls, Bethany started Shanthi Kiran Technical Institute. It was informally blessed by

Rev Fr Robert Miranda, the then Episcopal Vicar of Bidar Mission on 27 June 2003. It was greatly supported by Manos Unidas. Since then it has catered to the needs of the general public specially the less fortunate youth of the district, irrespective of caste and gender. Many courses like Spoken English, Typing in Kannada and English, Secretarial Practice, Tailoring, Embroidery, Computer training (Basic, D.T.P, and Tally) Beautician and NTTTC etc. are introduced.

We are happy to say that around 3000 students have benefitted from Spoken English classes and more than 1000 students have undergone computer training. Having understood the need of the school dropouts especially girls, the Sisters took

initiatives to start the residential school for the dropouts in the year 2007. Since then 400 students are trained under the care of this institution and more than 70% of them are settled with a good job and 30% of them are continuing their further studies.

Along with the above courses, the district of Bidar came forward to offer Child Labour Project to our institution through ORBIT (Social Service Centre of Gulberga Diocese) from 2007-2010. Around 150 child labourers are sorted out in and around the

district, and are brought to the main stream in view of enabling them to continue their studies.

At present we have regular classes for the day scholars and also for the residential students; however special attention is paid to the residential students. Apart from curriculum, classes on moral education, social values, basic skills to lead a better life in the society and yoga are conducted. Extra-curricular activities, games, celebration of various festivals are also given importance. Most of the students hail from interior villages and belong to the lower strata of the society. Hardly few of them are able to pay their fees and the rest are taken care by the magnanimity of the Bethany Management.

Currently, Sr Precilla Prema is the Principal; she is supported by Sr Jyothi Galbao, Mrs Rajani and Miss Rekha who share in the vision of Fr Founder.

### **Bethany English Medium School :**

Bethany Primary School was started in the year 2011 as per the desire of the locals. Initially, there were 63 students with Sr Lilly Gonsalves as the first Headmistress and Sr M Flavia Wilma the Correspondent. Thereafter Sr Reena D'Souza took charge as the Headmistress. At present Sr Florine Jyothi serves as the Headmistress and Sr Bertina as the Correspondent. Offering fullness of life is the main objective of our school. Those who seek admission are the poor and the marginalized; they are given value oriented education with curricular and co-curricular activities.

The school is grown now to VII standard and its strength is 185. There are 9 teaching (3 sisters) and 2 non-teaching staff. The Headmistress along with staff makes efforts to disseminate vision, goal and core values of BES.

The students aim at good academic performance. They are talented, eager to learn and explore new things. Every student is given opportunity to develop his/her talents. The school has excelled in Prathibha Karanji, Kabbadi, Throw Ball, Karate and Yoga competitions at the district level. The school also gives importance to cleanliness, manual work, respect for other religions, culture etc. Daily assembly is conducted based on different themes which have developed self-confidence among students. The students are also taken to historical places to enhance their learning through exposure. Above all, the school has provided God experience to both staff and students through various spiritual activities.

The growing up school faces great challenge of making students study at home as they do not find good atmosphere; however the slow learners are given extra attention every day in the school. Summer camps are conducted every year to the local students.

It's our joy to see the progress of the school and the all-round development of students. We wish to do more and empower the poor through education and pastoral care. We remain ever grateful to Bethany Management for their great support in a big way.

## Little Green Dots...

**Sacred Hearts' Hr Pry School, Kulshekar:** World Environment Day was celebrated in the school on 6th June 2019 to create awareness on the protection of nature. The Headmistress, staff and students joined together and planted saplings and created green dots. Let everything go green throughout the year!

**Mrs. Seraphina Jennifred Rodrigues,**  
Asst Teacher,  
Sacred Hearts' Hr Pry  
(School, Kulshekar)

### **St Joseph's Hr Sec School, Viswema:**

The school celebrated World Environment Day on 5 June 2019 on the theme 'Beat Air Pollution'. Air pollution is a global emergency affecting everyone. To beat air pollution, the Josephite kids committed themselves to planting more trees, planting more vegetables in the kitchen garden and flowers in home surrounding so that pure and clean air to breathe is created and the Mother Earth is helped to survive. The programme of the day included assembly, PPT presentation on the theme, songs and dances. After the assembly every student in the campus set out with brooms and spade to clean the surroundings.

Every student felt the need to have pure and clean air and care for the earth as they went around picking up the waste and clearing unwanted stuff. The surrounding gave a new look with hidden plants coming up to surface giving glory to its Creator. The Eco Club had planned this activity to create awareness to beat air pollution.

**St Mary's High School, Arsikere:** The Environment day was celebrated at St Mary's High School, Arsikere on 12th June 2019. To mark this day, St Mary's Eco Club members along with Sr Cynthia Pais, the Headmistress and Mr Mohan Kumar, the Secretary of the Club, arranged a short programme on the theme 'Go Green'. At the outset, the programme began with a song in appreciation of the Earth, our Home. Three students enlightened the gathering on global warming and the theme of the year - "Beat Air Pollution" along with few short videos. This awakened in everyone

to take necessary means to respect the Mother Earth and to fight for its protection. A few plans like banning the use of plastic bags, separating the dry and wet waste, planting saplings in their homes were made. Mr Puneeth, the Forest Officer, Arsikere Range was the chief guest. He appreciated the school management for taking keen interest to plant saplings in the campus and for taking care of them. He enlightened students on the minimum use of things on daily basis and avoid wastage at all levels like clothes, paper, water, electricity etc. The programme came to an end with the planting of saplings in the campus by students and teachers.

**Sr Cynthai Pais BS, Headmistress  
St Mary's High School, Arsikere**

**St Joseph's Hr Pry School, K R Nagar:** World Environment Day was celebrated at St Joseph's Hr Pry School, K R Nagar. A short programme was staged by VII Std students. Sr Simon the Headmistress exhorted the students to save and preserve the environment by planting saplings. The Headmistress along with teachers and students celebrated the day by cleaning the surroundings and proclaimed that they stand for pro-life, pro-tree and pro-environment.

## International Yoga Day Celebration

"Yoga is a life-long pursuit of discovery of the mind, body and soul"

To spread peace, harmony, happiness and success to every soul, International Yoga Day was celebrated at in Sacred Hearts' Hr Pry (Eng Med) school under the leadership of Sr Lavita the Headmistress in the school hall on 21st June, 2019.

The Headmistress said, "The aim of yoga is to raise awareness about health and fitness of the body and mind, which enables students to acquire more concentration during studies." She added, "It strengthens the body system and makes us wise."

The day was celebrated by performing yoga exercises by the students of Std VII under the guidance of the Physical Education Teacher, Ms. Shashikala. This was a great opportunity to inculcate the value of discipline.

## With Grateful Thanks

**Sacred Hearts High School, Kulshekar:** We owe our grateful thanks to God for the unique person of Mr. Richard Alvares who served our institute for 24 Years with commitment. Special thanks to him for his valuable service at Sacred Hearts' High School Kulshekar for the year 2018-2019. We appreciate him for his faithfulness, dutifulness and dedication. He had great love towards Bethany Sisters, school and served selfless love.. His enthusiasm was remarkable, no words to explain and no pen to express. He was warm and cordial in his approach. We pray Gods' choicest blessings on him and wish well in all his endeavours.

## Envisioned Visionary – Mgr Raymond FC Mascarenhas

“I came that you may have life, life in all its fullness”. Jesus Christ

Envisioning with Mgr Raymond, the Visionary

When a light is lighted it cannot be held within a short range. It is for the whole world. Mgr Raymond F.C. Mascarenhas has lit the light to knowledge to conquer ignorance of not only of his time or place but of generations to be born anywhere in India and outside India. Being a visionary he saw the horizons where the gap between the rich and the poor, rural and urban could be bridged through a process of acquiring knowledge, wisdom and skills. Being a man of action Mgr Raymond plunged into the field of education and penetrated village after village in Karnataka and Kerala carrying with him the lamp of knowledge.

### Benevolent Pastor

Confronted with the challenge of illiteracy and lack of opportunities for growth of the vulnerable people, Sainly Mgr Raymond prayed earnestly to God for courage and strength to respond to the situation of his time. In imitation of his Guru Jesus, who was full of compassion for the poor, he felt that he should do something to change the situation. He ruminated day and night on how to begin, where and when to begin, where to focus to change the situation in favour of the poor. He grappled with numerous questions and spent many hours on his knees before God to find an answer. He longed to transmit fullness of life to all with equal opportunities for everyone.

Mgr Raymond, Founder of 'The Bethany Educational Society' was a great visionary, who had love and compassion towards the poor and marginalized, who dreamt of Bethany scaling high in the field of education and through education bringing about a great transformation of society. He was a man of God, a prophet, a guide, a counsellor, an advisor and an architect of human society who inspired everyone by his zeal and burning love. He belonged to the class of Patriarchs. Today he is looking down from heaven upon us and blessing us with love that we may become the message and messengers like him and the pioneering members of Bethany.

The four valiant pioneers, the nucleus of the Institute began the journey of a thousand miles under the direction of the Founder Mgr RFC Mascarenhas with a single step, with zeal and determination and the journey continues...

### Advocate of Livelihood Skills

Mgr Raymond was a man of God, a man with divine experiences. His very appearance was godly and inspired awe and reverence. Being a contemporary of Mahatma Gandhi his philosophy on basic education influenced Mgr Raymond. He believed with Mahatma Gandhi, “Education is that which liberates”. He realized that Dignity of manual labour, intelligently done is a means for developing the intellect and contributes to the economic advancement of the families. Art, craft, health and knowledge need to be blended to give a holistic education.

### Bethany, a Solution to the Educational Problems of the Times

By founding Bethany, basically for the education of the poor especially the girls Fr Raymond addressed the following problems of his times. Father Raymond opened Boarding Houses for the girls and thereafter for small boys and motivated the Bethany Sisters to take care of them. Father never thought of limiting his ways to primary or secondary level alone. He envisioned education for girls even at the college level whenever opportunities knocked at his door.

Mgr Raymond, Founder of 'The Bethany Educational Society' was a great visionary, who had love and compassion towards the poor and marginalized, who dreamt of Bethany scaling high in the field of education and through education bringing about a great transformation of society. He was a man of God, a prophet, a guide, a counsellor, an advisor and an architect of human society who inspired everyone by his zeal and burning love. He belonged to the class of Patriarchs. Today he is looking down from heaven upon us and blessing us with love that we may become the message and messengers like him and the pioneering members of Bethany. The four valiant pioneers, the nucleus of the Institute began the journey of a thousand miles under the direction of the Founder Mgr RFC Mascarenhas with a single step, with zeal and determination and the journey continues...
